

# HOP WHAMMY

## NEW ENGLAND INDIA PALE ALE

**TASTING NOTES:** Picked straight from the bine and thrown right into the whirlpool, our wet hop NEIPA features fresh Connecticut grown Cascade hops that are harvested the morning of the brew day. Galaxy hops accentuate the local Cascade to impart an abundance of tropical fruit aroma with an intense burst of passionfruit flavor. Clean undertones of mango and hints of pine round out this intensely hopped brew, which finishes with notes of tangerine rind and zesty pineapple.
