

RASPBERRY DREAM

SOUR ALE

TASTING NOTES: Raspberry Dream, is a 5.5% kettle sour that takes you a step further down the path of tartness; slightly increasing both the acidity and the quantity of fruit to provide a more puckering, flavorful experience. A bursting raspberry aroma hits you from the first crack of the can, before a pleasant tart flavor greets you on the first sip, bringing with it a balancing berry sweetness. Perfect for day drinking and day dreaming!
